

Wealth to Birth Ratio

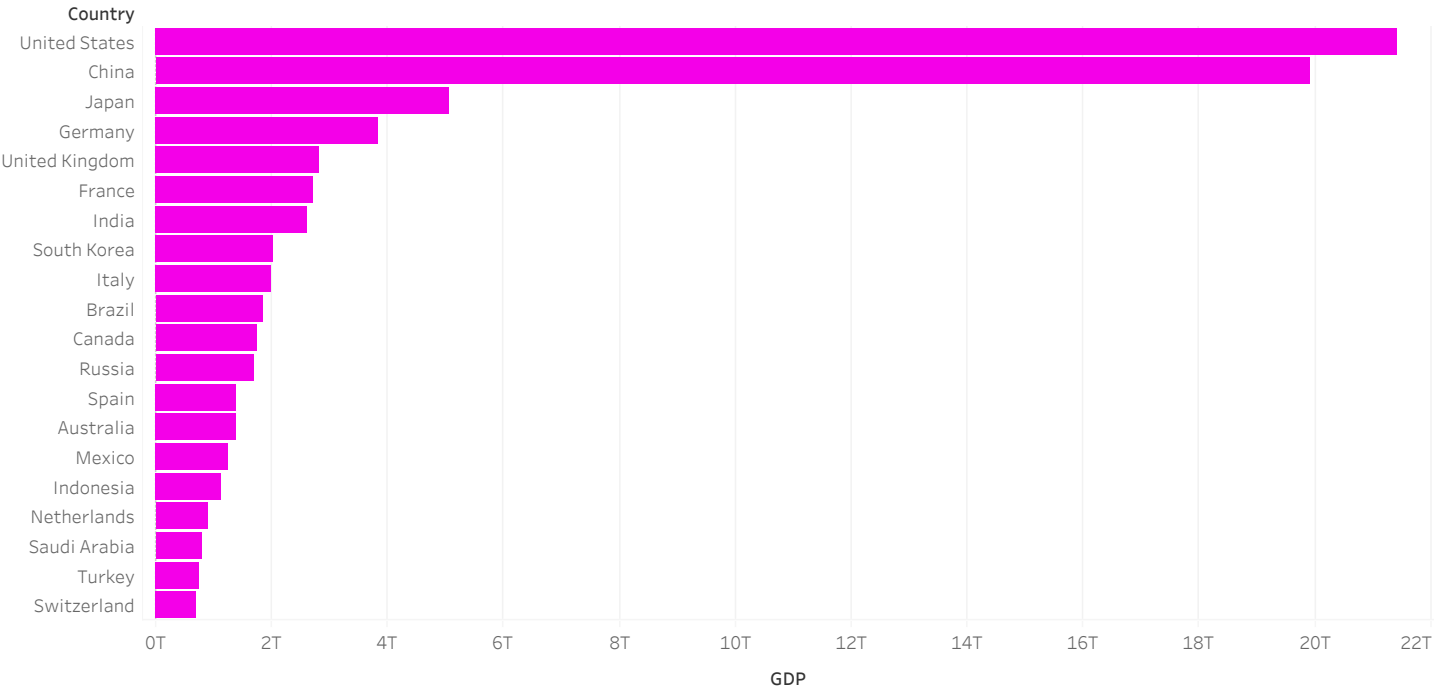

Sum of Birth Rate vs. sum of GDP. Details are shown for Country. The data is filtered on Action (Country), which keeps 195 members. The view is filtered on sum of Birth Rate, which keeps non-Null values only.

Inflation Risk

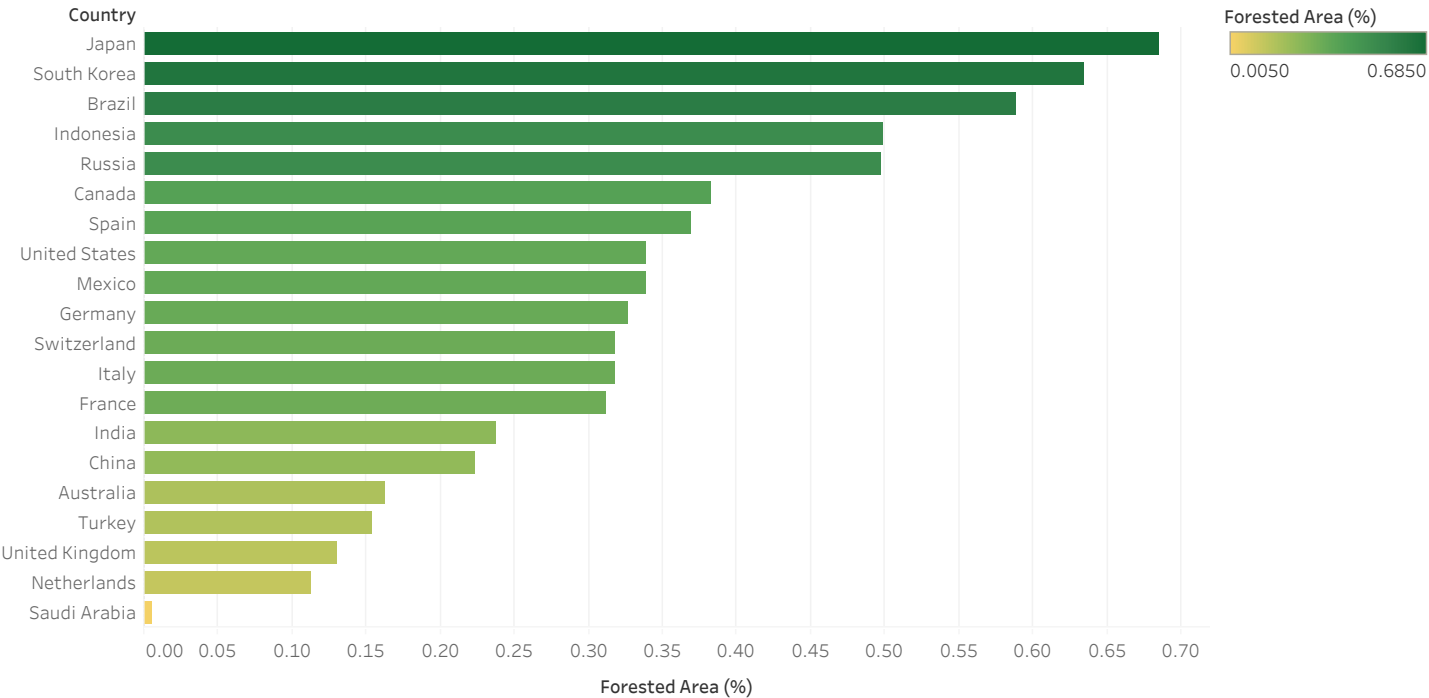

Map based on Longitude (generated) and Latitude (generated). Color shows sum of CPI Change (%). Details are shown for Country. The data is filtered on Action (Country), which keeps 195 members. The view is filtered on Latitude (generated) and Longitude (generated). The Latitude (generated) filter keeps non-Null values only. The Longitude (generated) filter keeps non-Null values only.

Global Powerhouses By GDP

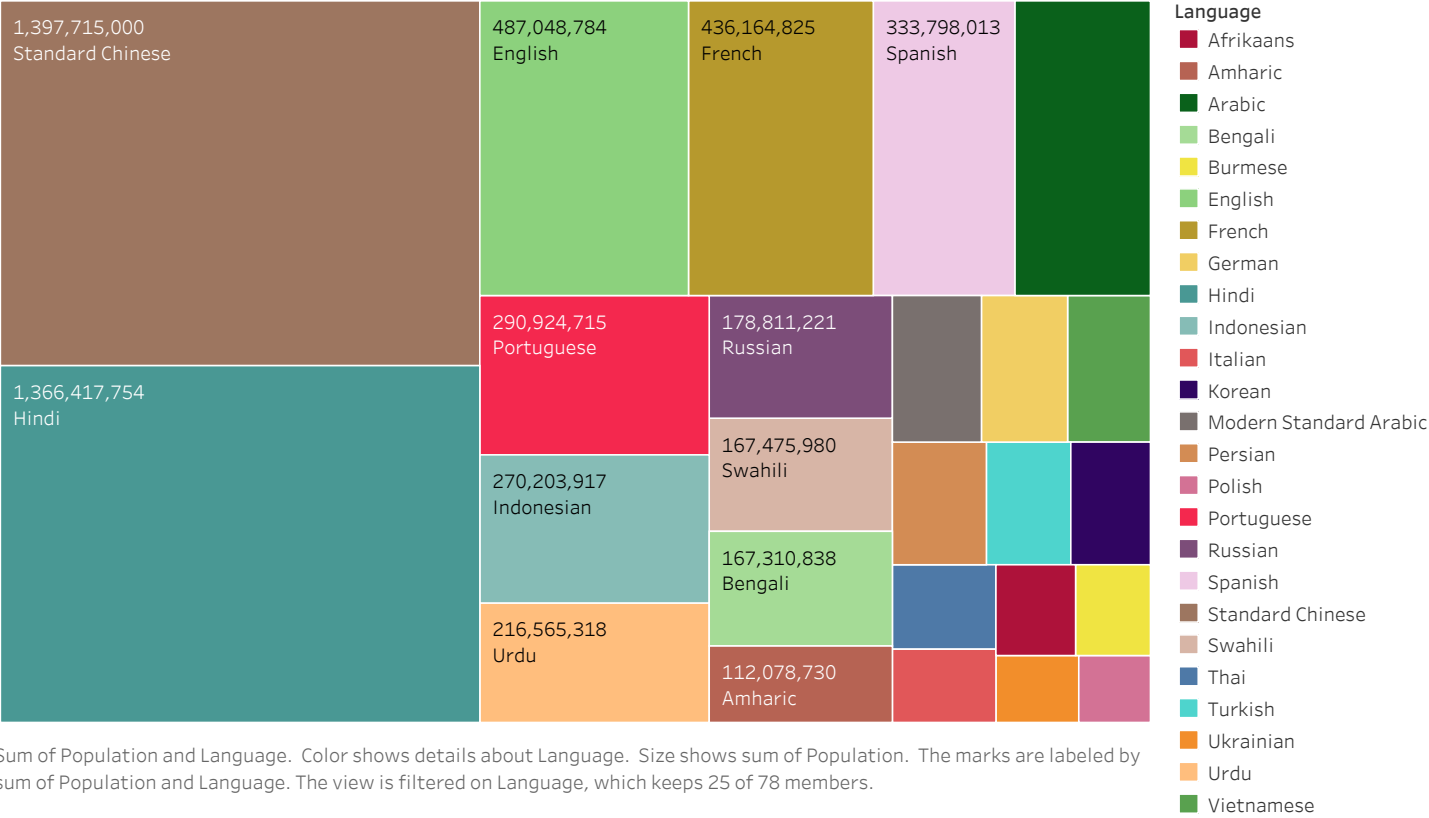

Sum of GDP for each Country. The data is filtered on Action (Country), which keeps 195 members. The view is filtered on Country, which keeps 20 of 195 members.

World's Greenest Powerhouses

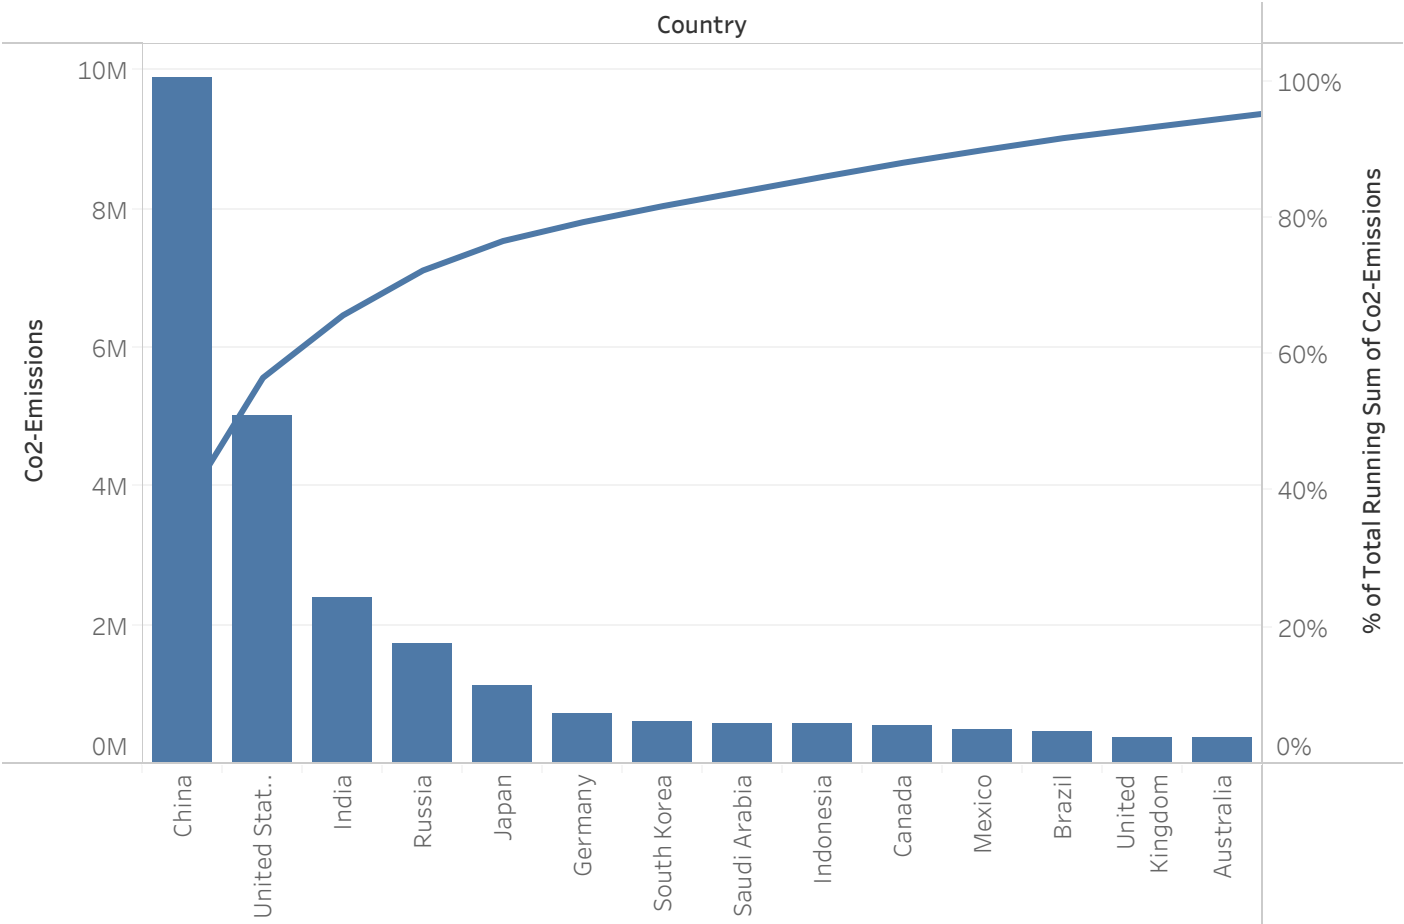

Sum of Forested Area (%) for each Country. Color shows sum of Forested Area (%). The data is filtered on Action (Country), which keeps 195 members. The view is filtered on Country, which keeps 20 of 195 members.

World Language

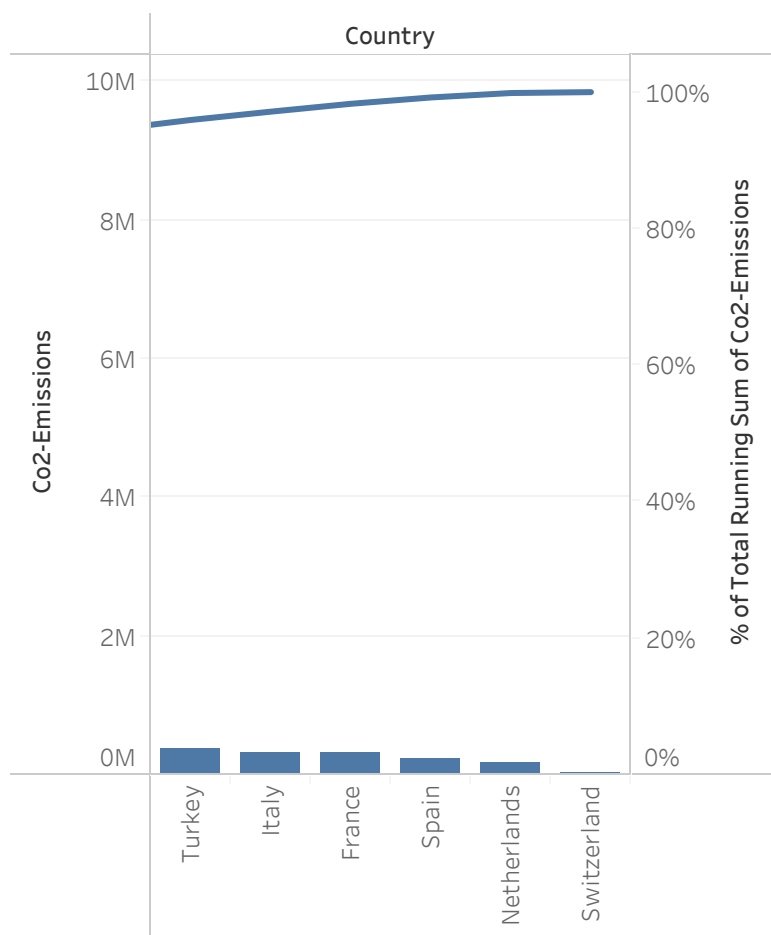

CO2 Emissions

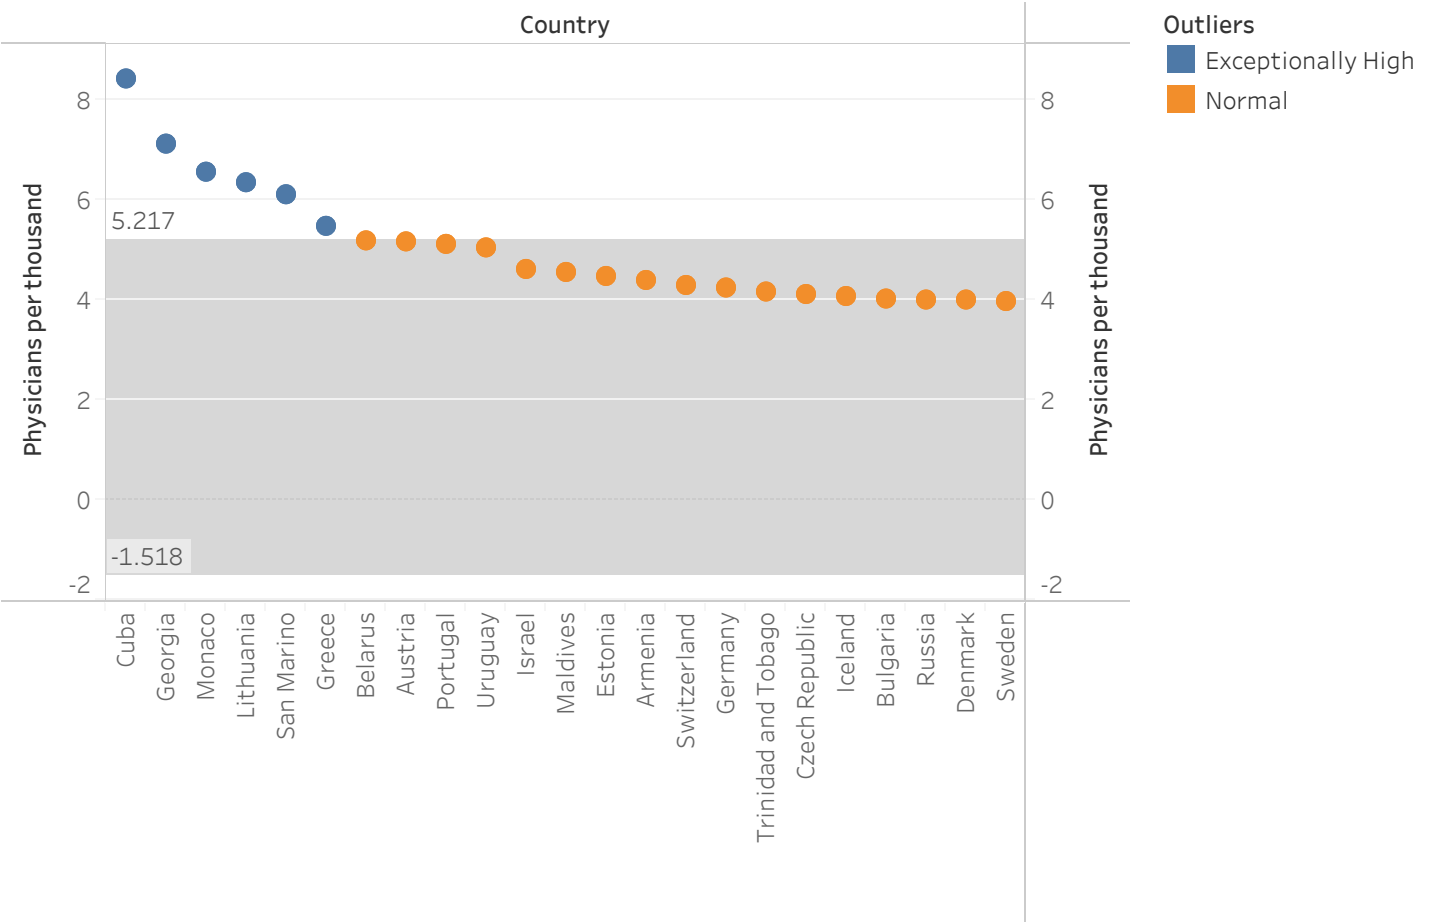

The trends of sum of Co2-Emissions and % of Total Running Sum of Co2-Emissions for Country. The view is filtered on Country and sum of Co2-Emissions. The Country filter keeps 20 of 195 members. The sum of Co2-Emissions filter keeps non-Null values only.

CO2 Emissions

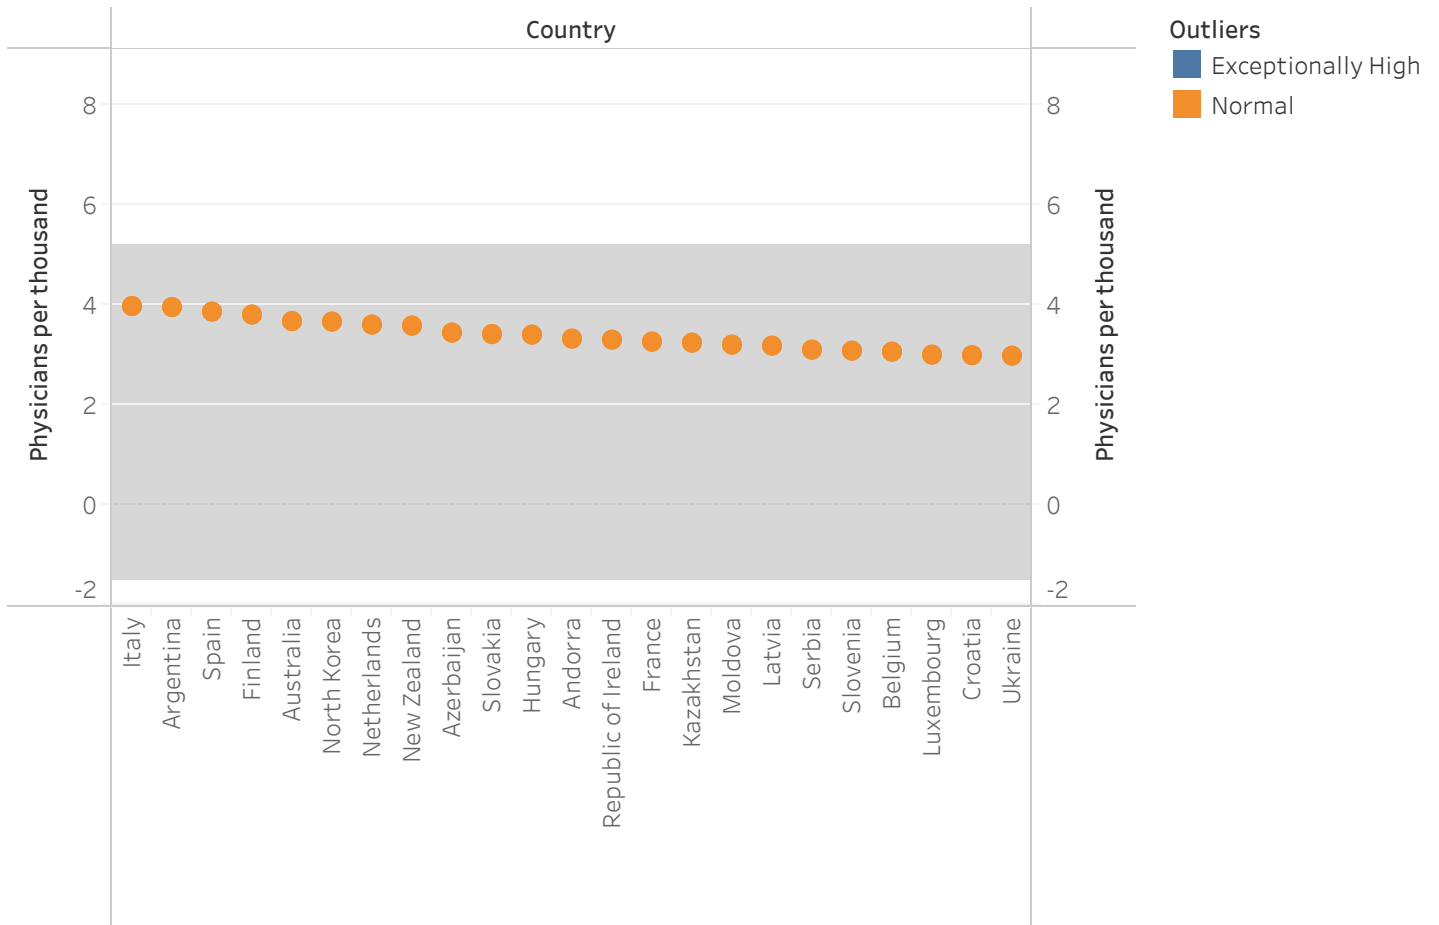

The trends of sum of Co2-Emissions and % of Total Running Sum of Co2-Emissions for Country. The view is filtered on Country and sum of Co2-Emissions. The Country filter keeps 20 of 195 members. The sum of Co2-Emissions filter keeps non-Null values only.

Physicians Control Chart

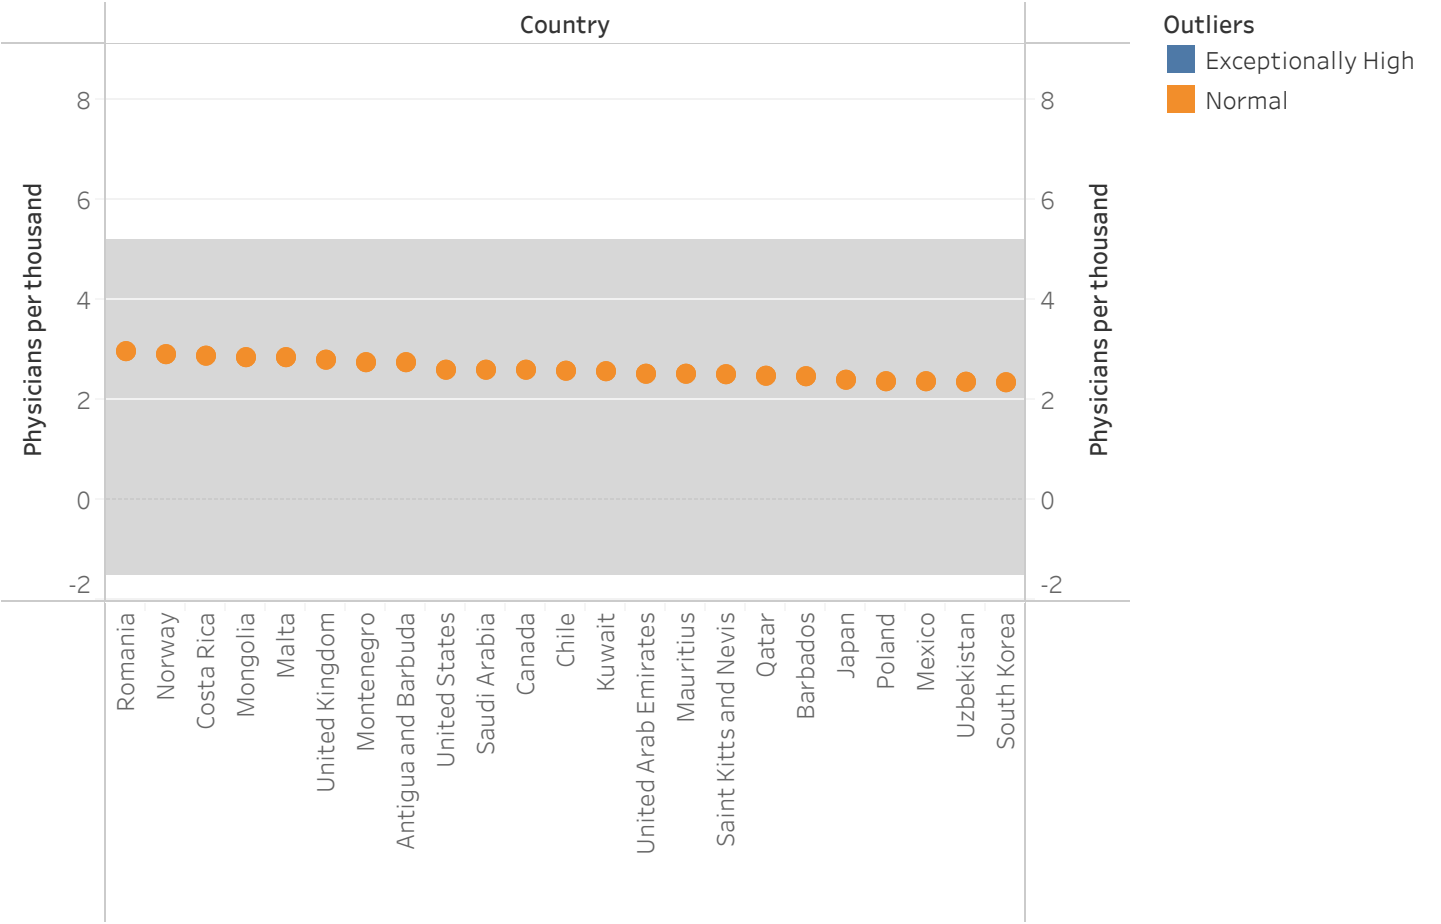

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

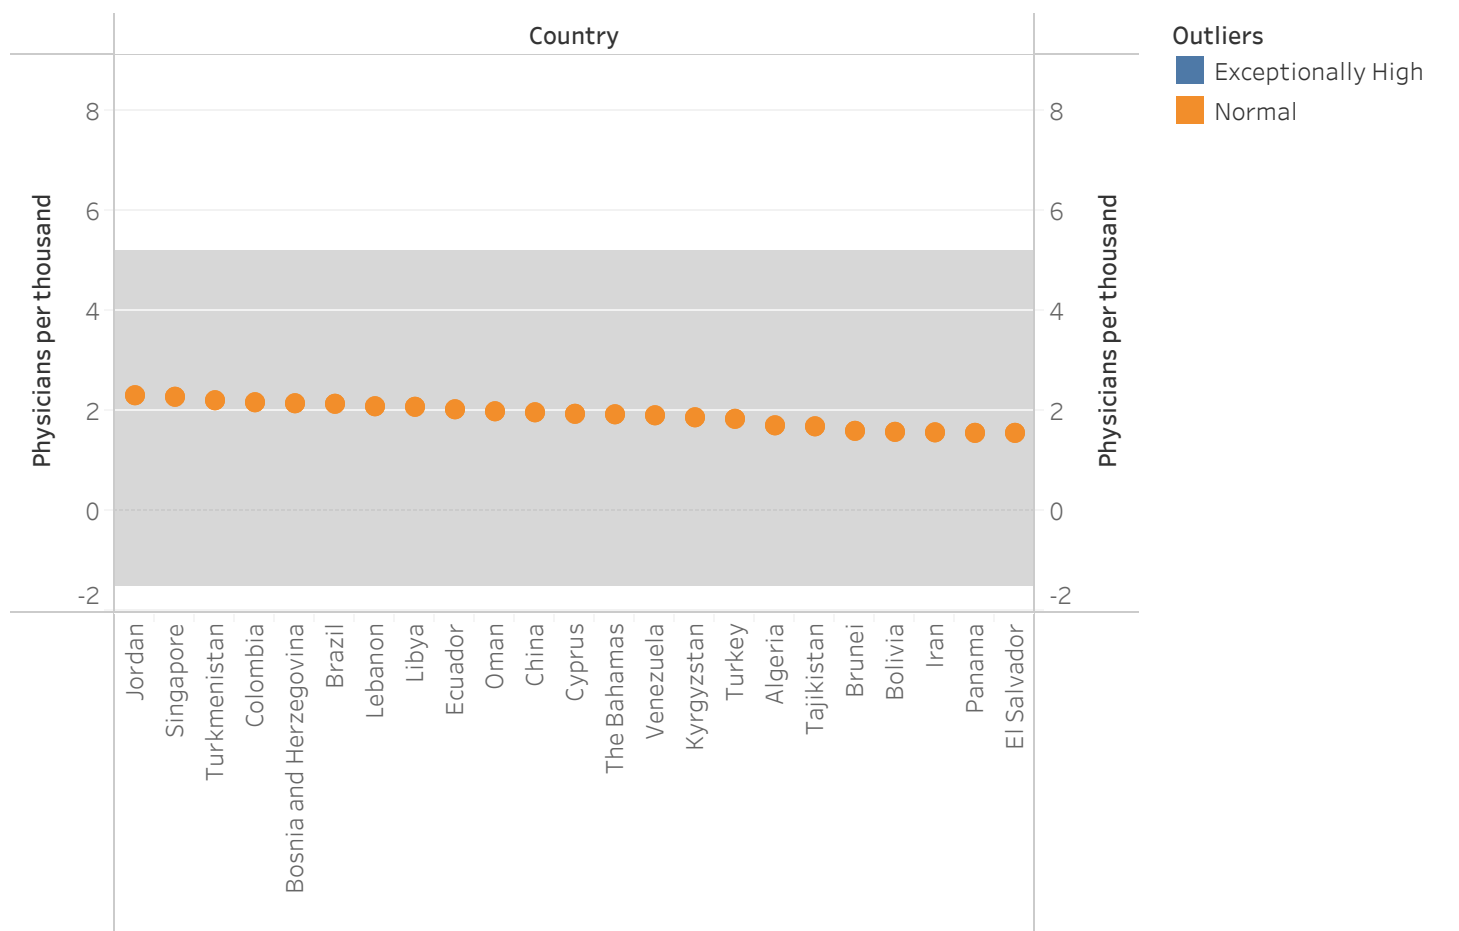

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S?????????. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

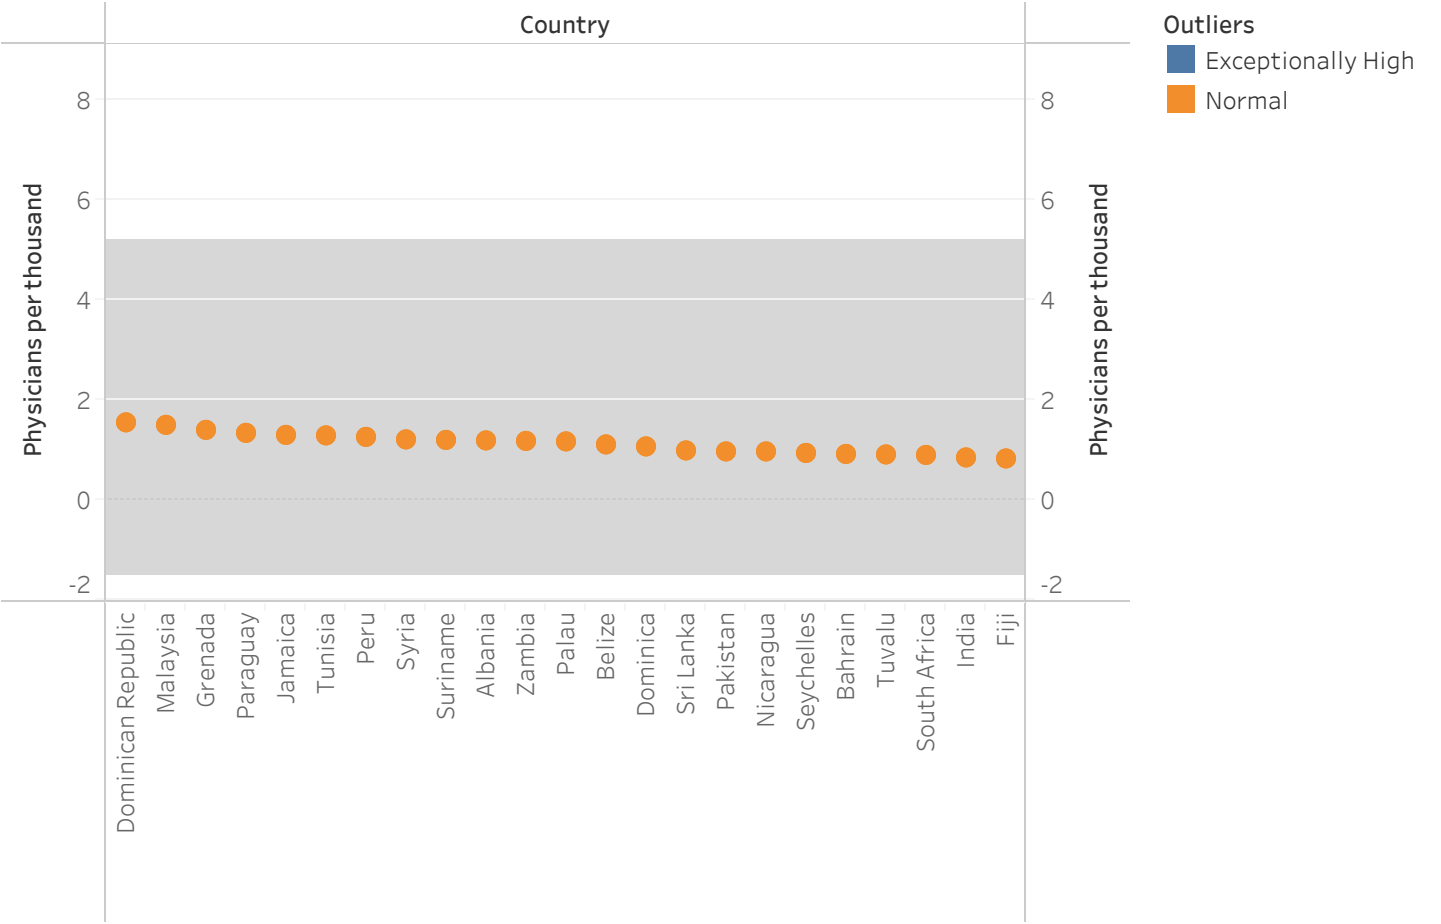

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

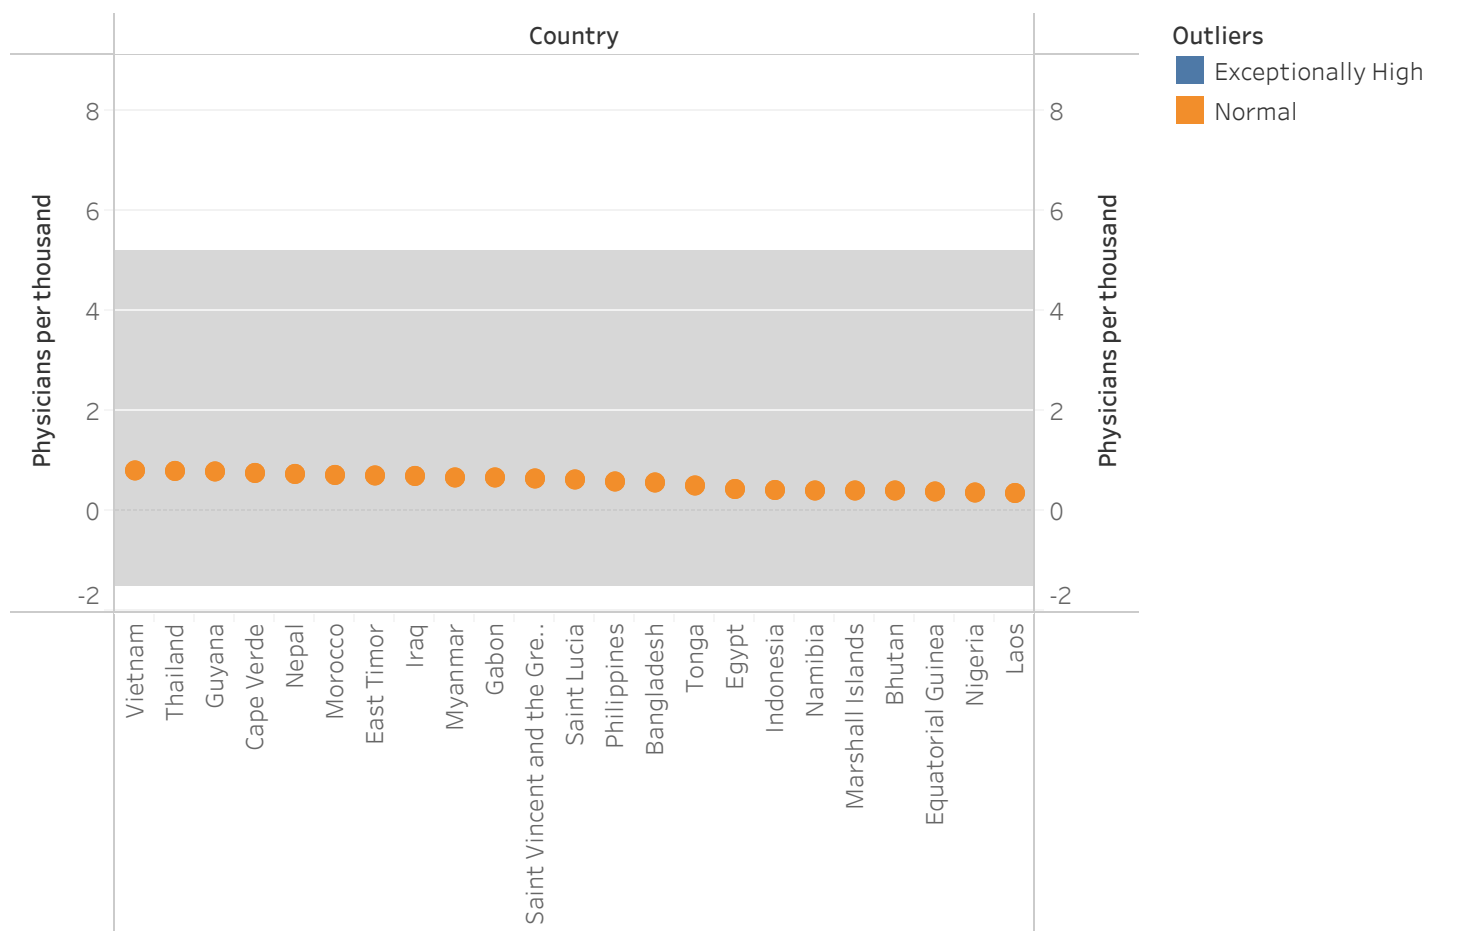

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

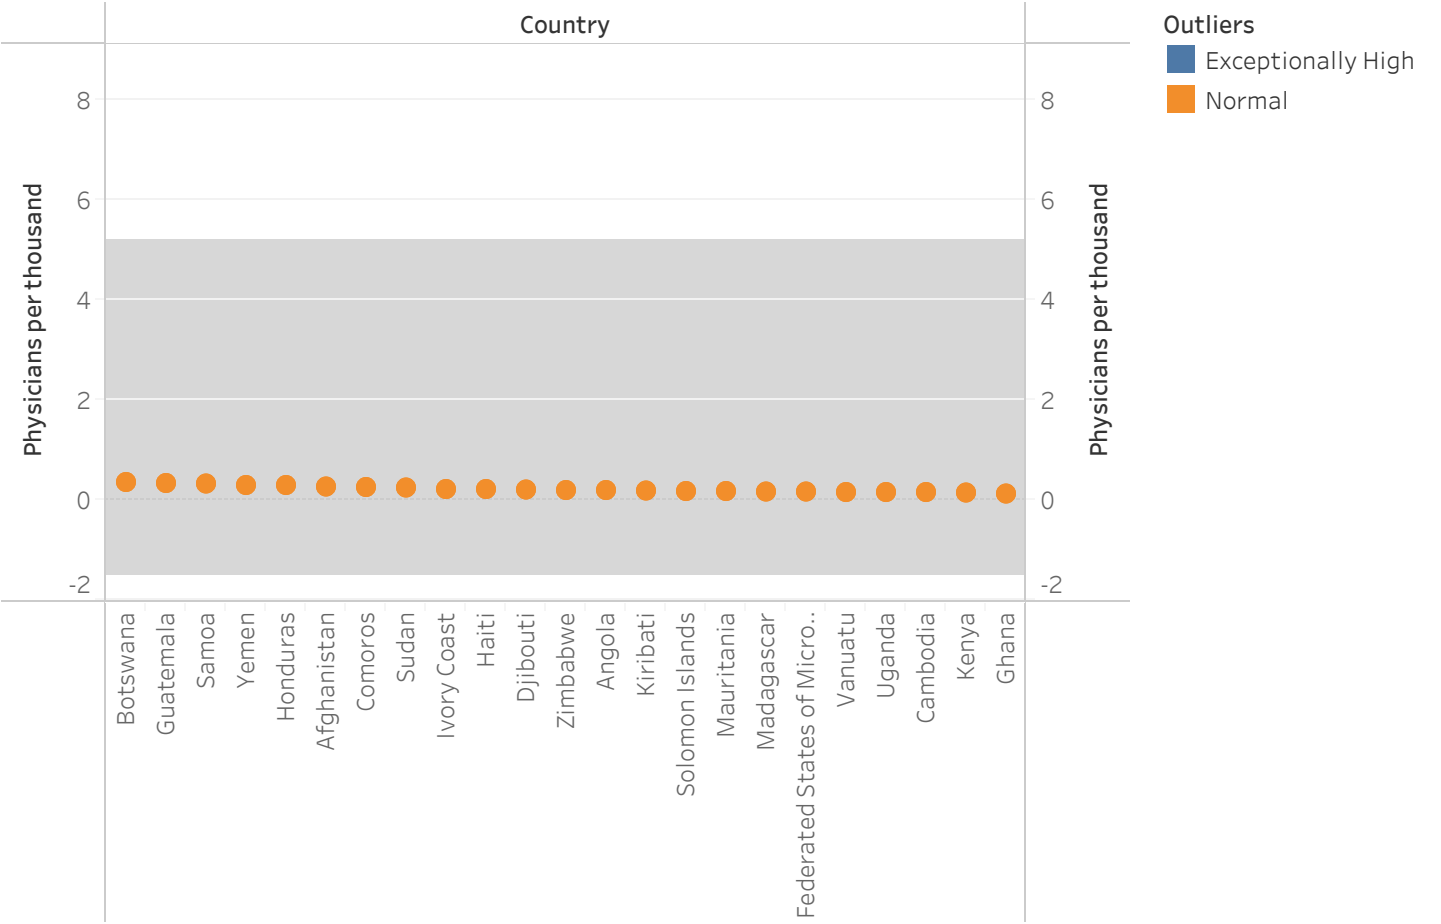

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S~~1~~~~2~~~~3~~~~4~~~~5~~~~6~~~~7~~~~8~~~~9~~~~0~~. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

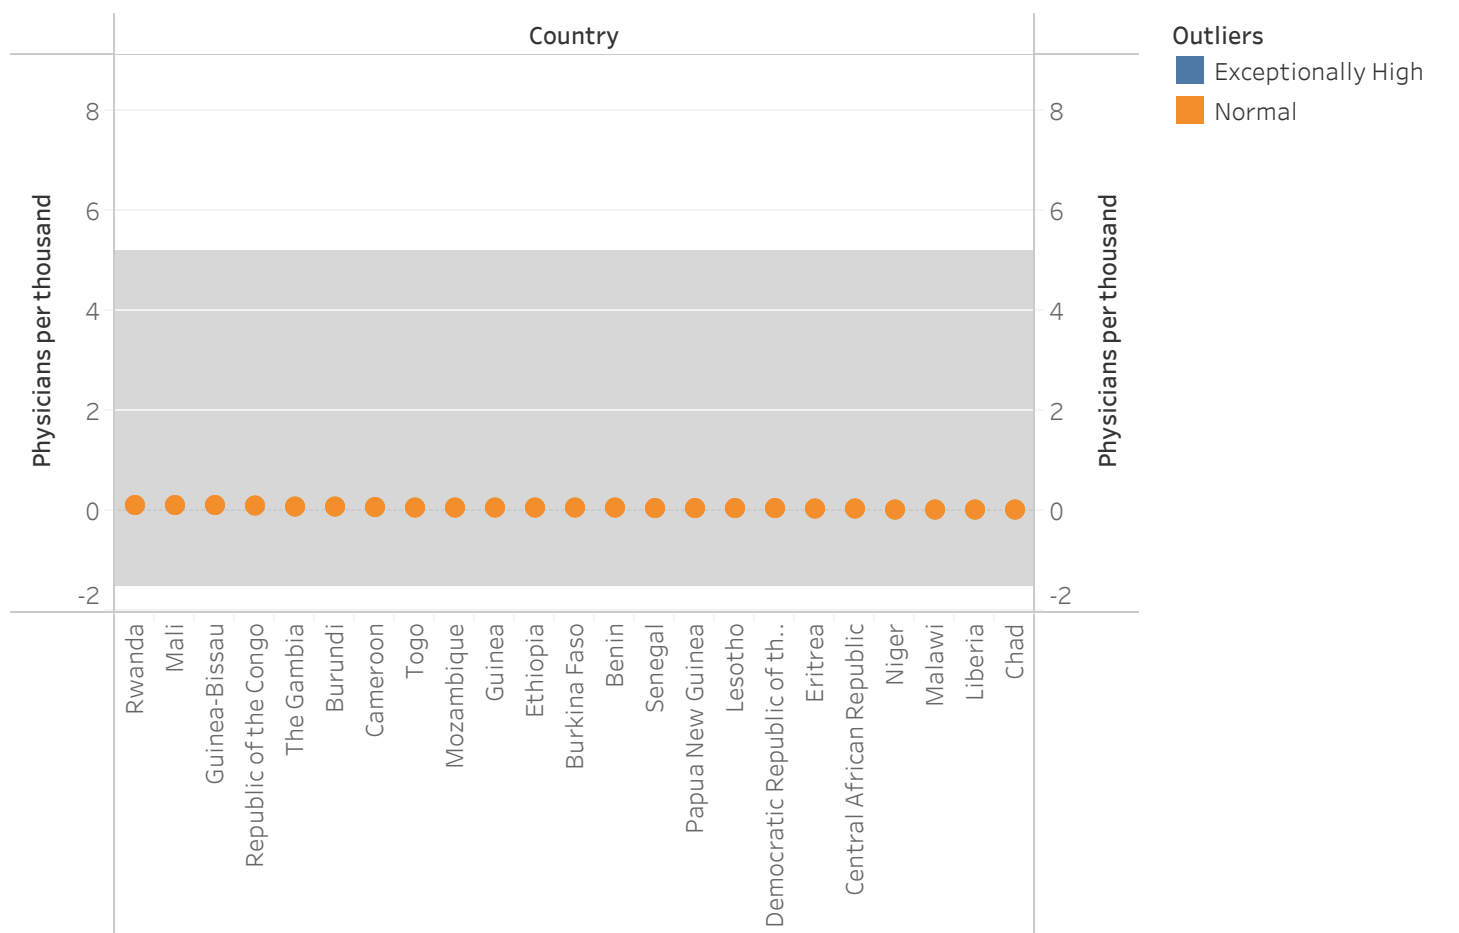

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

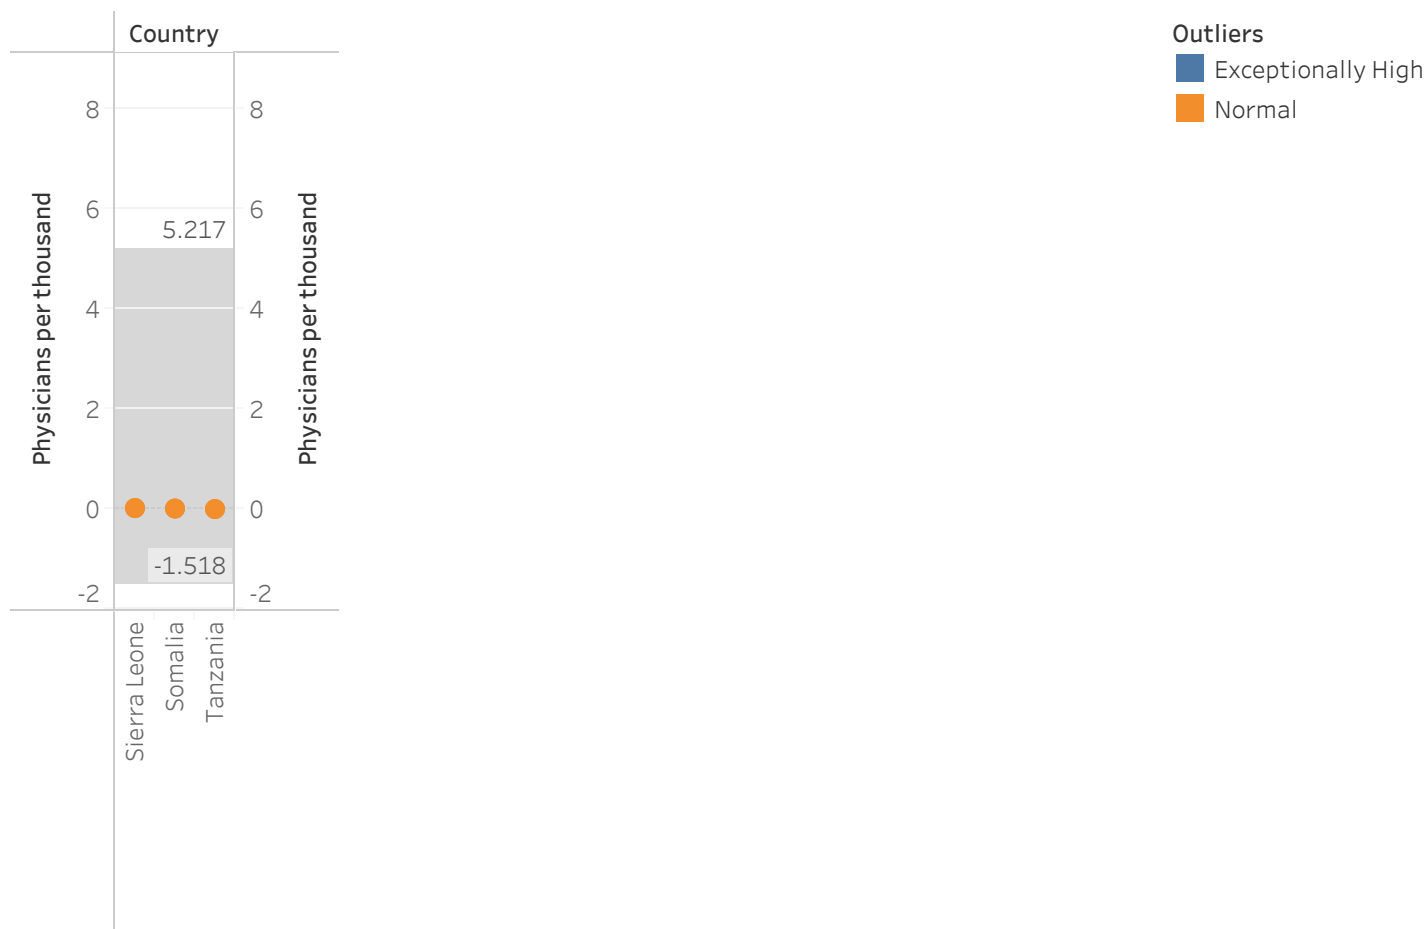

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S~~1~~~~2~~~~3~~~~4~~~~5~~~~6~~~~7~~~~8~~~~9~~~~0~~. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

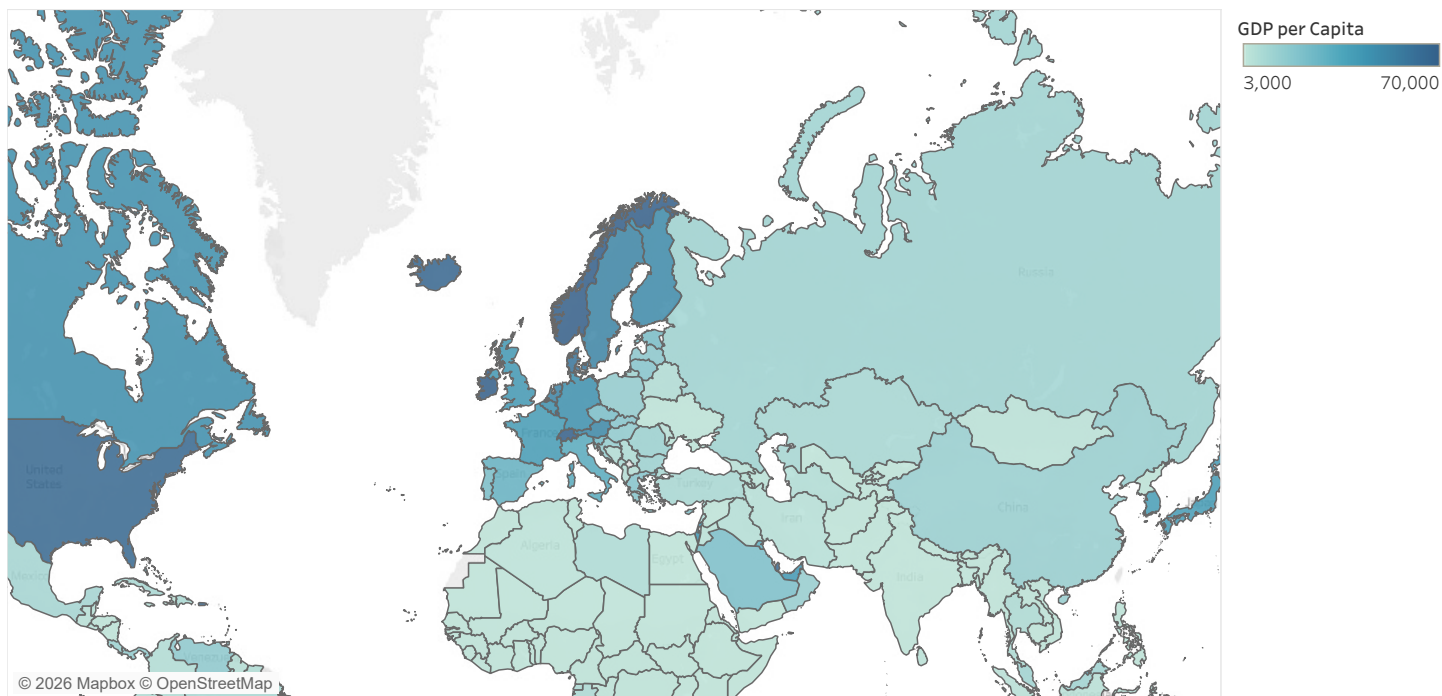

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S. The sum of Physicians per thousand filter keeps non-Null values only.

Physicians Control Chart

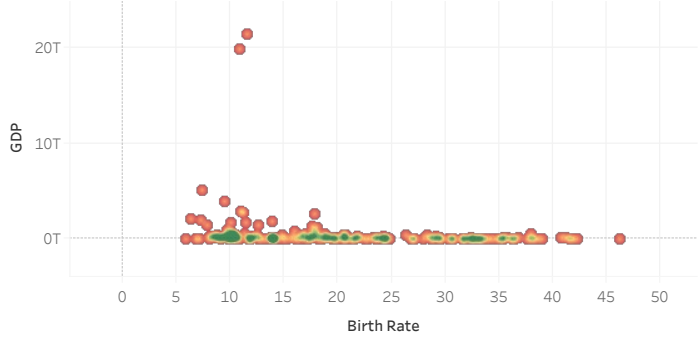

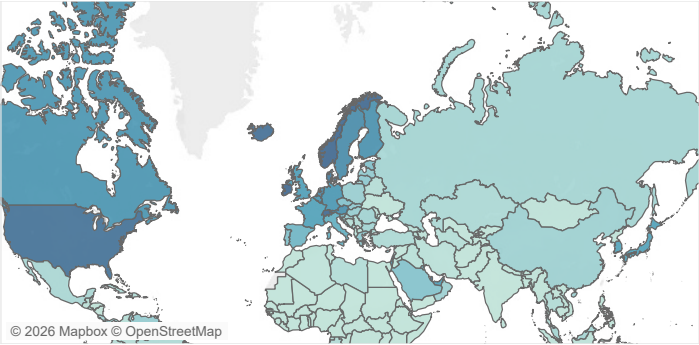

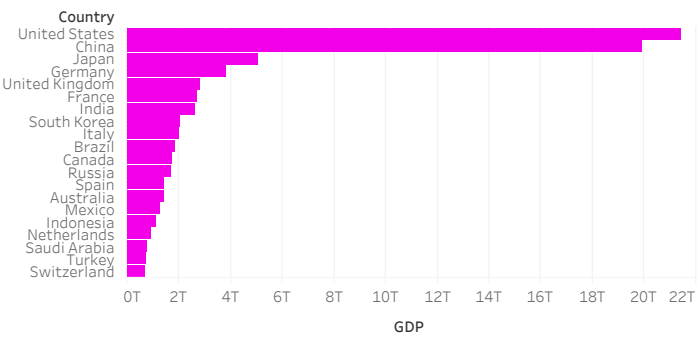

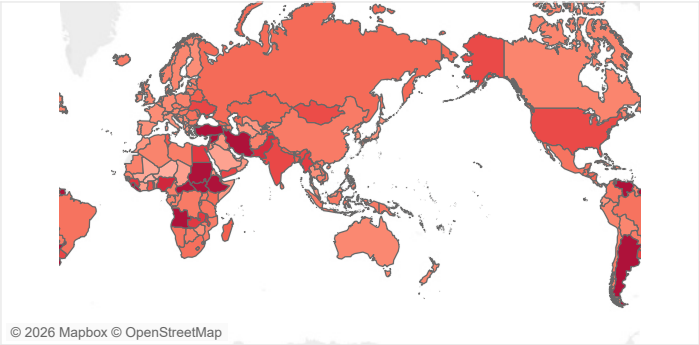

Sum of Physicians per thousand and sum of Physicians per thousand for each Country. Color shows details about Outliers. The view is filtered on Country and sum of Physicians per thousand. The Country filter excludes S??. The sum of Physicians per thousand filter keeps non-Null values only.

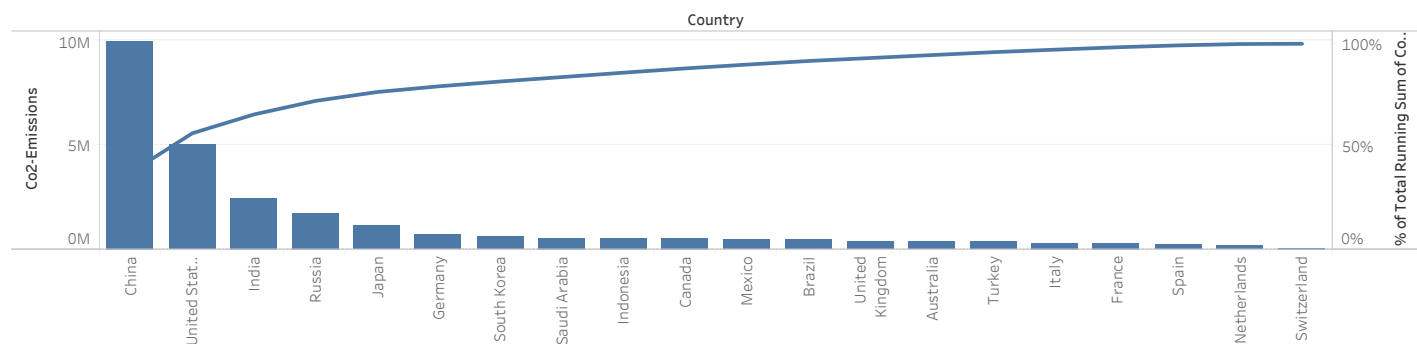

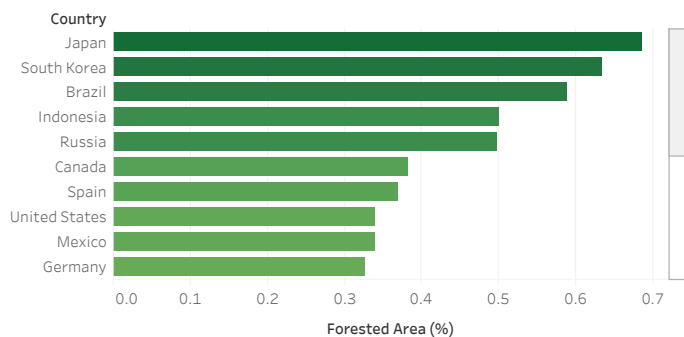

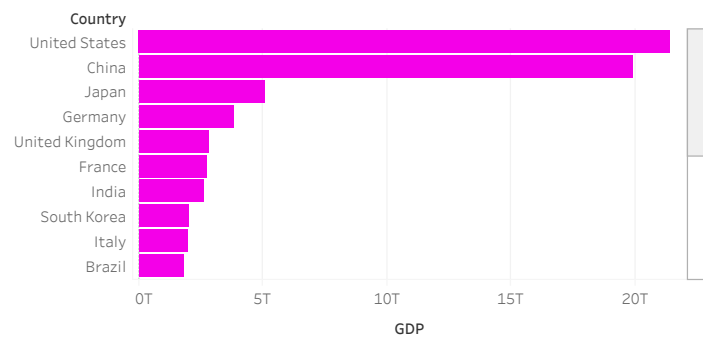

GDP per Capita World Map

© 2026 Mapbox © OpenStreetMap

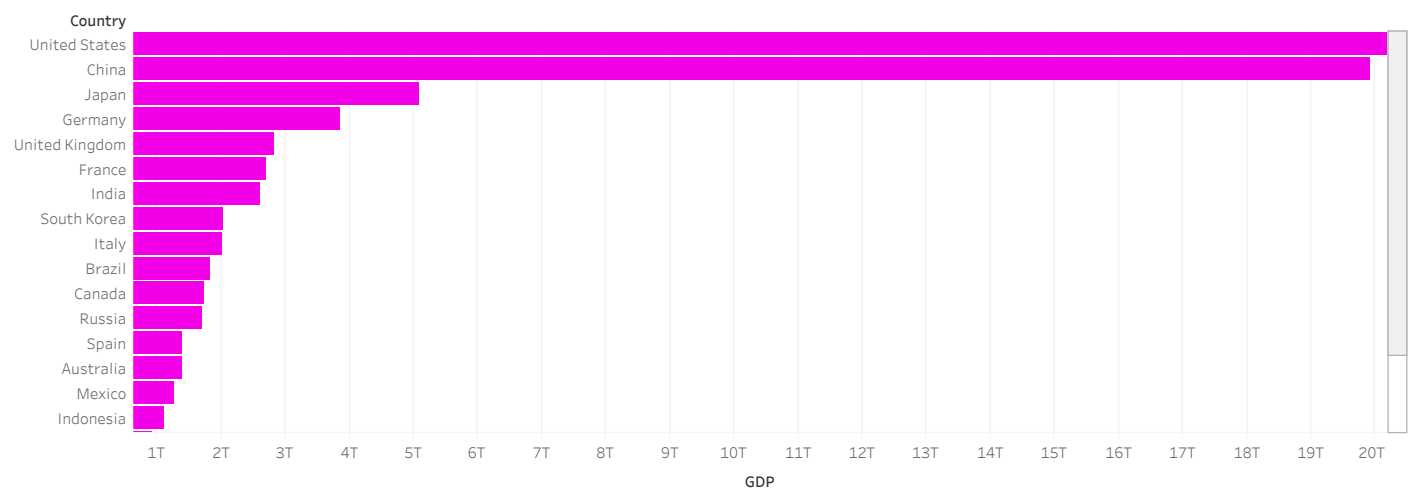

Map based on Longitude (generated) and Latitude (generated). Color shows GDP per Capita. Details are shown for Country. The data is filtered on Action (Country), which keeps 195 members. The view is filtered on GDP per Capita, Latitude (generated) and Longitude (generated). The GDP per Capita filter keeps non-Null values only. The Latitude (generated) filter keeps non-Null values only. The Longitude (generated) filter keeps non-Null values only.

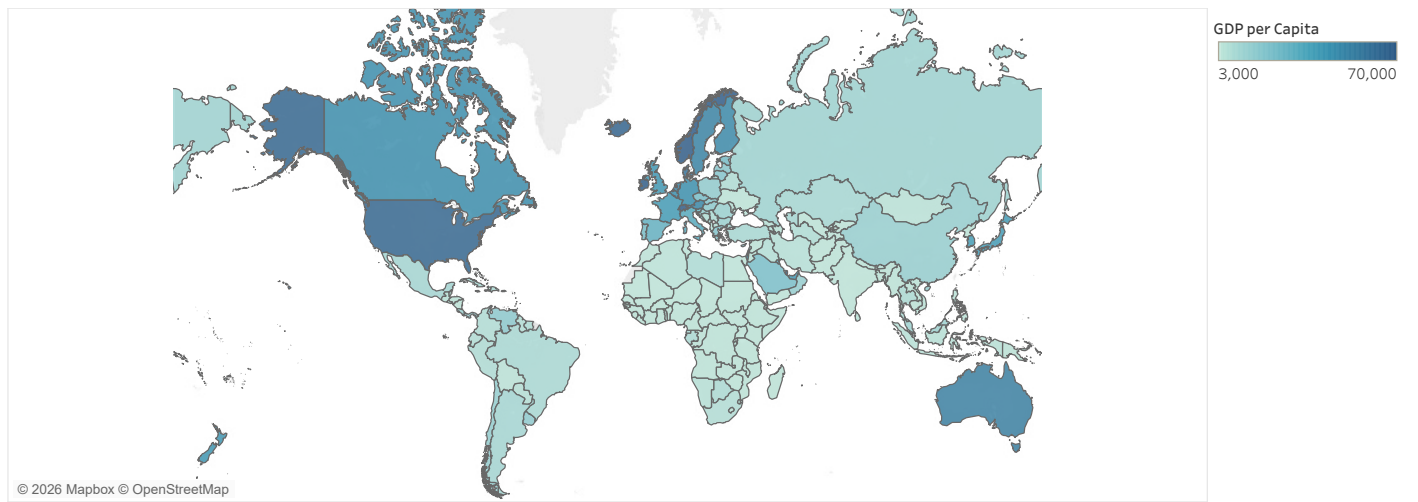

StoryPoint

China and the US hold large advantages in GDP totals, with Japan and much of Western Europe doing very well.	The US remains a strong leader in GDP metrics. China struggles with GDP per Capita despite high totals. North/West Europe is strong as well.	The US, Middle East and Central Africa struggle with inflation. Asia shows mixed results with Europe remaining economically strong.	Wealthier countries show lower birth rates. US and China with clear seperation from pack, with poorer countries showing high birth rates.	Outliers in Physician production seem to be at random. On average, welathier countries tend to have more physicians t..
